

Product Name	Part No
24 port Cat6 stp patch panel fully loaded for shielded cat6e copper cable	JTCPSC6PP24SB

Description	
<p>CAT6 STP patch panel range exceeds the transmission line performance requirements of IEC and TIA for CLASS D/Category 6 systems. The panels are designed for mechanical and electrical reliability using quality materials and processes to deliver a panel solution which delivers a consistent high level of systems performance. Available in multiple configuration.</p>	
FEATURES	<ul style="list-style-type: none"> • 19" rack mountable • 24 ports in 1U space • Universal wiring blocks for easy termination • Right-angled wiring block orientation for easier installation • Color coded wiring blocks for easy cable lacing • Integral rear cable management
APPLICATIONS	<ul style="list-style-type: none"> • Data com Network • Telecommunications networks • Ethernet Network • Data center
;	

No. of Port:	24
Rack Units:	1 RU
Termination Type:	Coupler
Type of Patch Panel:	Flat
Cable Category:	Cat6
Operating Temp Range:	-10°C to 60°C
Color:	Black
Wiring Scheme:	T568A/T568B
RoHS Complaint:	Compliant
Dimension:	19*1.75*4.5(W*H*D)
